

The Cutmaster is designed to cut up to 4 inches wide (10.16 cm) of: belting; hook and loop fastener; belt loop; nylon zipper; lace; webbing; computer wire; and more!

Equipped with a computerized control and digital display program for desired length and number of cuts.

Features

Versatility

Sharp, clean cuts provided by cold guillotine blades

Hot blade for cutting and sealing synthetic weaves

Easy-to-Use

Memory capabilities

Simple maneuverability with a compact and portable design

Automatic shut-off when operation is complete or material supply runs out

Efficiency

Accurate cutting with a stepper motor

Adjustable tensioning with a positive drive system

Fume extracting

Specifications

Motors or Power	115v, 90 psi
Horsepower	No
Weight	85lbs. (38.77kg)
Blades	No
Standard Features	15in. max. roll capacity 4in. max. material width 999.99in. max. cutting length 999,999 max. piece count
Options	No
Blade Size	No
Cutting Capacity	No
